

4th EDITION OF INTERNATIONAL CONFERENCE PLANT PRODUCTIVITY AND FOOD SAFETY:

Microbiology, Soil Science, Food Quality and Agricultural Genetics

26-27 September 2024

FREE OF CHARGE/HYBRID SYSTEM

FOUR THEMATIC SESSIONS

I. Plant-Microorganisms
Interactions in Agriculture
and Ecosystem
Management

Sascha Patz
Product Manager
Metagenomics, Computomics
GmbH, Germany

II. Plant Metabolism
and Signalling

Giovanni Stefano
Assistant Professor,
Department of Biology,
University of Florence, Italy

III. Soil Threats and
Security

Remigio Paradelo Núñez
Associate Professor,
University of Santiago de
Compostela, Spain

IV. The Global Problem of
Salinity - an Interdisciplinary
Approach

Kate Negacz
Assistant Professor,
Vrije Universiteit
Amsterdam, Netherlands

Keynote Lecturer
Stéphane Compant

Assos. Prof. Senior scientist at AIT Austrian Institute of Technology, Austria

Ian Dodd
Professor,
Lancaster Environment
Centre, Lancaster
University, UK

Venue:

Faculty of Biological and Veterinary Sciences
Faculty of Earth Sciences and Spatial Management
Nicolaus Copernicus University,
Lwowska 1 Street, The R. Galon Auditorium, room 104
